### Notes:

- Pre-set rates for canoeing assume that the canoes are picked up at the Club's canoe-storage location after starting from the Club's regular meeting location.
- As defined in the [bylaws](#) [2], carpool rates are a fixed percentage of the [Government of Canada reimbursement rates for Ontario](#) [3]. The OOC rates are based on the 1 October 2019 government rates.
- This [Excel spreadsheet](#) [4]  is used to calculate the rates. There is one tab for each time the rates are set (usually annually).

## Gatineau Park fees

During the summer, the beach-access and Mackenzie King Estate parking lots in Gatineau Park have parking fees. These shall be split evenly among all in the car. [Gatineau Park vehicle-access fees](#) [5] are generally charged during the summertime for beach-access parking lots and Mackenzie King Estate.

During the winter, there are [per-person day or season fees](#) [6] for the cross-country ski trails and most snowshoe trails.
